

Ex-post publication category A projects

Country: Ukraine		Policy issue date: 13-3-2018	
Project name	Several poultry farms in the Ukraine; Oril leader, Starynska, Vinnytsia, Myronivsky and Peremoga Nova farms	Assessment information	Relevant IFC Performance Standards: PS1- environmental & social management of risk & impacts; PS2- labour & working conditions; PS3- resource efficiency & pollution prevention; PS4-community health & safety; PS5 - land acquisition & involuntary resettlement; PS6- biodiversity
Project location	Yelyzavetivka village (Dnjerpropetrovsk), Myrne village (Boryspil), Ladyzhyn villag (Vinnitsia), Stepantsi village (Kaniv), Budysche village (Cherkasy), Ukraine		
Project description	Several poultry farms for broilers and parent flock and hatcheries		
Rationale for classification	The project is an Installations for the intensive rearing of poultry or pigs with more than: (i) 85 000 places for broilers and 60 000 places for hens' as mentioned in item 28...', Annex I of the Common Approaches with illustrative category A projects.	Policy framework	this project falls within the scope of the OECD Common Approaches
Country: Ukraine		Policy issue date: 21-2-2018	
Project name	Several poultry farms in the Ukraine; Oril leader, Starynska, Vinnytsia, Myronivsky and Peremoga Nova farms	Assessment information	Relevant IFC Performance Standards: PS1- environmental & social management of risk & impacts; PS2- labour & working conditions; PS3- resource efficiency & pollution prevention; PS4-community health & safety; PS5 - land acquisition & involuntary resettlement; PS6- biodiversity
Project location	Yelyzavetivka village (Dnjerpropetrovsk), Myrne village (Boryspil), Ladyzhyn villag (Vinnitsia), Stepantsi village (Kaniv), Budysche village (Cherkasy), Ukraine		
Project description	Several poultry farms for broilers and parent flock and hatcheries		
Rationale for classification	The project is an Installations for the intensive rearing of poultry or pigs with more than: (i) 85 000 places for broilers and 60 000 places for hens' as mentioned in item 28...', Annex I of the Common Approaches with illustrative category A projects.	Policy framework	this project falls within the scope of the OECD Common Approaches

Ex-post publication category A projects

Country: Kuwait		Policy issue date: 19-1-2018	
Project name	Clean Fuel project	Assessment information	Relevant IFC Performance Standards: PS 1 - environmental & social management of risks & impacts; PS2 - labour & working conditions; PS3 - resource efficiency & pollution prevention; PS4 - community health & safety; PS5 - land acquisition & involuntary resettlement; PS6 - biodiversity.
Project location	Mina Abdulla and Mina Al-Ahmadi, Fahaheel, Kuwait		
Project description	The project entails the conversion and extension of an existing refinery with the purpose to expand the capacity and produce cleaner fuels		
Rationale for classification	The project is a crude oil refinery as mentioned in item 1, annex I in the Common Approaches with illustrative category A projects.	Policy framework	this project falls within the scope of the OECD Common Approaches
Country: Oman		Policy issue date: 15-1-2018	
Project name	Duqm Liquid Bulk Berths project	Assessment information	Relevant IFC Performance Standards: PS 1 - environmental & social management of risks & impacts; PS2 - labour & working conditions; PS3 - resource efficiency & pollution prevention; PS4 - community health & safety; PS6 - biodiversity.
Project location	Port of Duqm, Al Wusta region		
Project description	The project entails a new liquid bulk terminal to handle the import and export of crude and other hydrocarbons		
Rationale for classification	The project is falling under item 19, Annex I in the OECD Common Approaches with illustrative category A projects: installation for storage of petroleum, petrochemical or chemical products with a capacity of 200.000 tonnes or more	Policy framework	national policy (note: OECD Common Approaches do not apply to this transaction)

Ex-post publication category A projects

Country: Ukraine	Policy issue date: 3-11-2017
-------------------------	-------------------------------------

Project name	Several poultry farms in the Ukraine; Oril leader, Starynska, Vinnytsia, Myronivsky and Peremoga Nova farms	Assessment information	Relevant IFC Performance Standards: PS1 - environmental & social management of risks & impacts; PS2 - labour & working conditions; PS3 - resource efficiency & pollution prevention; PS4 - community health & safety; PS5 - land acquisition & involuntary resettlement; PS6 - biodiversity.
Project location	Yelyzavetivka village (Dnjerpropetrovsk), Myrne village (Borysil), Ladyzhyn village (Vinnytsia), Stepantsi village (Kaniv), Budysche village (Cherkasy), Ukraine		
Project description	Several poultry farms for broilers and parent flock and hatcheries		
Rationale for classification	The project is an installation for the intensive rearing of poultry ... with more than: (i) 85.000 places for broilers and 60.000 places for hens' as mentioned in item 28...', Annex I of the Common Approaches with illustrative category A projects.	Policy framework	this project falls within the scope of the OECD Common Approaches

Country: Bahrain	Policy issue date: 31-10-2017
-------------------------	--------------------------------------

Project name	ALBA extension project	Assessment information	Relevant IFC Performance Standards: PS1 - environmental and social management of risks & impacts; PS2 - labour & working conditions; PS3 - resource efficiency & pollution prevention; PS4 - community health & safety.
Project location	South of Manama, Bahrain		
Project description	Extension of an existing aluminium smelter		
Rationale for classification	The project is an installation for the production of non-ferrous metals as mentioned in item 4, Annex I in the Common Approaches with illustrative Category A projects	Policy framework	this project falls within the scope of the OECD Common Approaches

Ex-post publication category A projects

Country: Ukraine	Policy issue date: 30-10-2017
-------------------------	--------------------------------------

Project name	Several poultry farms in the Ukraine; Oril leader, Starynska, Vinnytsia, Myronivsky and Peremoga Nova farms	Assessment information	Relevant IFC Performance Standards: PS1 - environmental & social management of risks & impacts; PS2 - labour & working conditions; PS3 - resource efficiency & pollution prevention; PS4 - community health & safety; PS5 - land acquisition & involuntary resettlement; PS6 - biodiversity.
Project location	Yelyzavetivka village (Dnipropropetrovsk), Myrne village (Borysil), Ladyzhyn village (Vinnytsia), Stepantsi village (Kaniv), Budysche village (Cherkasy), Ukraine

Policy framework	this project falls within the scope of the OECD Common Approaches

Ex-post publication category A projects

Country: Ukraine		Policy issue date: 17-2-2017	
Project name	Several poultry farms in the Ukraine; Oril leader, Starynska, Vinnytsia, Myronivsky and Peremoga Nova farms	Assessment information	Relevant IFC Performance Standards: PS1- environmental & social management of risk & impacts; PS2- labour & working conditions; PS3- resource efficiency & pollution prevention; PS4-community health & safety; PS5 - land acquisition & involuntary resettlement; PS6- biodiversity
Project location	Yelyzavetivka village (Dnjerpropetrovsk), Myrne village (Boryspil), Ladyzhyn villag (Vinnitsia), Stepantsi village (Kaniv), Budysche village (Cherkasy), Ukraine		
Project description	Several poultry farms for broilers and parent flock and hatcheries.		
Rationale for classification	The project is an Installations for the intensive rearing of poultry or pigs with more than: (i) 85 000 places for broilers and 60 000 places for hens' as mentioned in item 28...' Annex I of the Common Approaches with illustrative category A projects.	Policy framework	this project falls within the scope of the OECD Common Approaches
Country: Angola		Policy issue date: 26-1-2017	
Project name	Marginal da Corimba project	Assessment information	Relevant IFC Performance Standards: PS1- environmental & social management of risk & impacts; PS2- labour & working conditions; PS3- resource efficiency & pollution prevention; PS4-community health & safety; PS5 - land acquisition & involuntary resettlement; PS6- biodiversity
Project location	Luanda, Angola		
Project description	Urban expansion on the coast of Luanda with a new highway, lightrail, houses and utility buildings.		
Rationale for classification	The project is a 'large-scale land reclamation' as mentioned in item 25, Annex I of the Common Approaches with illustrative category A projects.	Policy framework	this project falls within the scope of the OECD Common Approaches

Ex-post publication category A projects

Country: Ukraine		Policy issue date: 4-1-2017	
Project name	Several poultry farms in the Ukraine; Oril leader, Starynska, Vinnytsia, Myronivsky and Peremoga Nova farms	Assessment information	Relevant IFC Performance Standards: PS1- environmental & social management of risk & impacts; PS2- labour & working conditions; PS3- resource efficiency & pollution prevention; PS4-community health & safety; PS5 - land acquisition & involuntary resettlement; PS6- biodiversity
Project location	Yelyzavetivka village (Dnjerpropetrovsk), Myrne village (Boryspil), Ladyzhyn villag (Vinnitsia), Stepantsi village (Kaniv), Budysche village (Cherkasy), Ukraine		
Project description	Several poultry farms for broilers and parent flock and hatcheries.		
Rationale for classification	The project is an Installations for the intensive rearing of poultry or pigs with more than: (i) 85 000 places for broilers and 60 000 places for hens' as mentioned in item 28...'Annex I of the Common Approaches with illustrative category A projects.	Policy framework	this project falls within the scope of the OECD Common Approaches
Country: Oman		Policy issue date: 13-9-2016	
Project name	Liwa Plastics Industries Complex	Assessment information	Relevant IFC Performance Standards: PS1- environmental & social management of risk & impacts; PS2- labour & working conditions; PS3- resource efficiency & pollution prevention; PS4 - community health, safety & security; PS6- biodiversity; PS8: cultural heritage
Project location	Sohar, Oman		
Project description	Fully integrated petrochemical complex consisting of a natural gas processing plant, a 300km gas pipeline, an 880 ktpa ethylene mixed feed steam cracker, downstream polymer units and related utilities and offsite units.		
Rationale for classification	The project is a petrochemical complex as mentioned in item 6, Annex I of the Common Approaches with illustrative category A projects.	Policy framework	this project falls within the scope of the OECD Common Approaches

Ex-post publication category A projects

Country: Kuwait		Policy issue date: 20-6-2016	
Project name	Al Zour New Refinery Project	Assessment information	Relevant IFC Performance Standards: PS1- environmental & social management of risk & impacts; PS2- labour & working conditions; PS3- resource efficiency & pollution prevention; PS4-community health & safety; PS5 - land acquisition & involuntary resettlement; PS6- biodiversity
Project location	Al Zour, Kuwait		
Project description	New refinery project at bij Al Zour including offshore works.		
Rationale for classification	The project is a crude oil refinery as mentioned in item 1, Annex I of the Common Approaches with illustrative category A projects.	Policy framework	national policy (note: OECD Common Approaches do not apply to this transaction)
Country: Turkey		Policy issue date: 13-6-2016	
Project name	Mazidagi Project	Assessment information	Relevant IFC Performance Standards: PS1- environmental & social management of risk & impacts; PS2- labour & working conditions; PS3- resource efficiency & pollution prevention; PS4-community health & safety; PS6- biodiversity; PS8- cultural heritage
Project location	Mazidagi, Turkije		
Project description	Expansion of processing facilities at a phosphate mine.		
Rationale for classification	The project is a mine as mentioned in item 16, Annex I of the OECD Common Approaches with illustrative Category A projects.	Policy framework	this project falls within the scope of the OECD Common Approaches
Country: Maldives		Policy issue date: 2-6-2016	
Project name	Extension of the islands GDH. Thinadhoo, S. Feydhoo en K. Himmafushi	Assessment information	Relevant IFC Performance Standards: PS1- environmental & social management of risk & impacts; PS2- labour & working conditions; PS3- resource efficiency & pollution prevention; PS4-community health & safety; PS6- biodiversity
Project location	Kaafu Atol, Gaafu Dhaal Atol, Seenu Atol, Maldiven		
Project description	Extension of the islands GDH. Thinadhoo, S. Feydhoo en K. Himmafushi for public services and to improve the island's carrying capacity.		
Rationale for classification	The project is a large scale land reclamation as mentioned in item 25, Annex I of the OECD Common Approaches with illustrative Category A projects	Policy framework	national policy (note: OECD Common Approaches do not apply to this transaction)

Ex-post publication category A projects

Country: Costa Rica		Policy issue date: 1-3-2016	
Project name	Moin Container Terminal	Assessment information	Relevant IFC Performance Standards: PS1- environmental & social management of risk & impacts; PS2- labour & working conditions; PS3- resource efficiency & pollution prevention; PS4-community health & safety; PS5 - land acquisition & involuntary resettlement; PS6- biodiversity
Project location	Moin, Costa Rica		
Project description	A 'greenfield' container terminal near Moin in Limon, Costa Rica.		
Rationale for classification	The project is a large scale land reclamation as mentioned in item 25, Annex I of the OECD Common Approaches with illustrative category A projects.	Policy framework	national policy (note: OECD Common Approaches do not apply to this transaction)
