Transaction information

Issue date insurance	24-11-2022	Insurance product type	Credit insurance
Facility	EKV	Maximum liability	EUR 60.745.873
Assessment Insured risks	Debtor is a corporate buyer with a financial position that is deemed sufficient to honor the financial obligations related to the transaction		

Transaction description The delivery of hatchery equipment, 2 feed mills, a water purification plant, slaughter and meat processing equipment and a rendering machine.

Guarantor(s) Tanmiah Food Company

Financier(s) Cooperatieve Rabobank U.A.

Project name Upgrade of chicken production facilities

Project location Several location in Saudi Arabia

Project description The upgrade of existing poultry production facilities like hatcheries, feed mills and slaughter houses, excluding the chicken farms.

Environmental and social information

Category and rationale B - The project's potential environmental and/or social impacts are less adverse than those of Category A projects. Typically, these impacts are few in number, site-specific, few if any are irreversible, and mitigation measures are more readily available

Policy framework OECD Common Approaches

Relevant IFC performance standards and guidelines

General IFC EHS guidelines and IFC EHS guidelines for poultry production and poultry processing and IFC Good Practice Note Improving Animal Welfare in Livestock operations.

Key information

Assessment and considerations The project is expected to be in line with the applicable host country requirements and international standards

The positive aspects of this project are increase of employment, sustainable change of buyer and local production of food. The negative impacts are minimized by management plans. The project operates within the international animal welfare standards. The buyer has several sustainability programs to reduce their environmental footprint.
