Assessment Insured risks	Guarantor is a corporate entity with a financial position that is deemed sufficient to honor the financial obligations related to the transaction		

Transaction description Delivery of a warehouse sorting, malfunction & retrieval system

Guarantor(s) Global Fashion Group S.A.

Financier(s) HSBC Trinkhaus & Burkhardt AG

Environmental and social information

Category and rationale C - The project has minimal or no potentially adverse environmental and/or social impacts

Relevant IFC performance standards and guidelines

Key information

Insurance policies issued in 2021

Country	India	Debtor	Lloyds Engineering Corporation Private	Exporter	Koks Industrie B.V.
----------------	-------	---------------	--	-----------------	---------------------

Transaction information

Issue date insurance	2-4-2021	Insurance product type	Credit insurance
Facility	DGGF	Maximum liability	EUR 345.518
Assessment Insured risks	Debtor is a corporate buyer with a financial position that is deemed sufficient to honor the financial obligations related to the transaction		

Transaction description Delivery of 1 vacuum trailer for industrial cleaning

Environmental and social information

Category and rationale M - The transaction has no specific location, and was therefore subject to proportional environmental and social due diligence

Relevant IFC performance standards and guidelines

Key information

Insurance policies issued in 2021

Country	Switzerland	Debtor	Energis N.V.	Exporter	Kappe Intermediair B.V.	(SME)
----------------	-------------	---------------	--------------	-----------------	-------------------------	-------

Transaction information

Issue date insurance	1-4-2021	Insurance product type	Credit insurance
Facility	DTIF	Maximum liability	EUR 5.256.405
Assessment Insured risks	Guarantor is a corporate entity with a financial position that is deemed sufficient to honor the financial obligations related to the transaction		
Transaction description	The delivery of a biodiesel plant		
Guarantor(s)	Thym Holdings B.V., Limmen/Nederland - Clover Energy SA, Geneve/Zwitserland		

Environmental and social information

Category and rationale	B - The project's potential environmental and/or social impacts are less adverse than those of Category A projects. Typically, these impacts are few in number, site-specific, few if any are irreversible, and mitigation measures are more readily available
Policy framework	National Environmental and Social Policy for Export Credit Insurance (Note: OECD Common Approaches do not apply to this transaction)
Relevant IFC performance standards and guidelines	General EHS guidelines, IFC EHS Guidelines for oil and chemicals manufacturing

Key information

Project location	Willemstad, Curaçao	Assessment and considerations	The project is expected to be in line with the applicable host country requirements and international standards
Project description	Construct and operation of a biodiesel plant		

Insurance policies issued in 2021

Country	Ghana	Debtor	St. Michaeld Specialist Hospital	Exporter	A.M.P.C. Associated Medical Projects Consulta
----------------	-------	---------------	----------------------------------	-----------------	---

Country	Mozambique	Debtor	Total E & P Mocambique Area 1 Limitada	Exporter	Van Oord Dredging and Marine Contractors BV
----------------	------------	---------------	--	-----------------	---

Transaction information

Issue date insurance	25-3-2021	Insurance product type	Credit insurance
Facility	EKV	Maximum liability	USD 1.064.517.958
Assessment Insured risks	Debtor is a corporate buyer with a financial position that is deemed sufficient to honor the financial obligations related to the transaction		
Transaction description	Engineering, procurement, construction and commissioning of offshore infrastructure for the transport of gas from the seabed to an onshore LNG plant, Mozambique		

Environmental and social information

Category and rationale	A - The project has the potential to have significant adverse environmental and/or social impacts, which are diverse, irreversible and/or unprecedented. These impacts may affect an area broader than the sites or facilities.
Policy framework	OECD Common Approaches
Relevant IFC performance standards and guidelines	General IFC EHS guidelines, IFC EHS guidelines for 'Offshore oil & gas development', 'Ports, Harbours and Terminals' and 'LNG facilities'

Financier(s) Standard Chartered Bank

Key information

Project name Mozambique LNG project
Project location Cabo Delgado, Mozambique
Project description Construction and operation of an onshore LNG plant

Assessment and considerations The project is not expected to be fully in line with the applicable host country requirements and international standards but deemed acceptable

The project was not yet full compliant with the international standards at the time of support but was planned to be compliant when construction of the LNG plant would start. This was arranged in an ESAP.
