**Project name** Multi Commerce Dairy Farm  
**Project location** Ismailia, Egypt  
**Project description** Greenfield dairy farm

**Assessment and considerations** The project is not expected to be fully in line with the applicable host country requirements and international standards but deemed acceptable

Technical Assistance agreed in order to get the dairy farm compliant with Global GAP; combined with a splitting up of the initial request of the delivery of 1500 heifers into two separate deliveries of 750 heifers each, whereby the second delivery is only covered if and when the farming system is expected to be compliant.
